before the right to determine the number of shares and 7354 - if a participant of the program will perform the function for the full twelve months, they will be entitled to subscribe for 88.258 shares series C

6. Series C shares will be placed at an issue price equal to the issue price of Series B shares, not less than 5.67 PLN.

In accordance with IFRS 2 Share-based Payment 'own' the fair value of equity instruments granted (in this case the Subscription Warrants) shall be valued at grant date (ie, days binding determine the conditions of the program - in this case, February 13, 2007) and gradually during the vesting period (in this case over 3 years) by authorized persons (in this case members of the Board) increase the value of equity and simultaneously charged to pay. In this report, the Capital Group recognized an increase in equity and burden costs for launched incentive program.

17. Information on purchase of own shares

On 21 April 2008, the General Assembly of the parent company passed a resolution authorizing the Board of RADPOL SA to acquire its own shares for redemption. The content of this resolution was amended by the AGM on 21.04.2009. Under the buyback program the Company will acquire not more than 2,371,209 shares for a total amount not exceeding 14,227,254.00 PLN. Acquired own shares will give the right to do no more than 9.90% of total votes at the general meeting. Implementation of the share buyback program will be completed no later than on 31 December 2011 or until depletion of resources allocated for their purchase.

Until 30.06.2009 RADPOL SA acquired a total of 436.936 shares, representing 1.82% of the share capital and conferring the right to 436.936 votes at a general meeting of RADPOL SA (1.82% of total votes).

18. Dividends paid and proposed to pay

On 27 April 2009 Ordinary General Meeting of RADPOL SA passed a resolution No. 18 on the distribution of profit for the fiscal year 2008. According to the resolution, the net income was allocated to:

- The amount of 3,592,741.50 PLN for the dividend to shareholders, which is 0.15 PLN per share,
- The amount of 3,214,875.86 PLN on the "reserve capital to purchase its own shares.

Day of determining entitlement to a dividend is set at 18 May 2009, the date of dividend payment on June 3, 2009

A total of 23,951,610 shares was paid in respect of 23,533,768 shares, 417.842 shares were treasury shares acquired for the purpose of redemption in respect of which no dividend has been paid and has been related as the reserve capital of the Company.

Subsidiary RADPOL ELEKTROPORCELANA in 2008 did not pay dividends nor declared its payment.

19. Lawsuits

On 30 June 2009 there were no lawsuits initiated before a court or public administration authorities concerning obligations or receivables of RADPOL SA and its subsidiary companies.

20. Changes in accounting policy and errors found in previous years and their impact on financial results and equity

From 01.01.2009 parent company valued stocks in progress at cost, which consists of costs directly associated with the product and reasonable share of the costs indirectly related to the product (variable indirect costs of production and fixed indirect costs of production under the assumption of normal capacity utilization). So far, the valuation of stocks in the course of production was based on the costs directly associated with the product.

For purposes of calculating the comparable data for 2008, a valuation of stocks and the cost of products sold by the new rules was implemented.

Changes in inventory alters the stock values on 01.01.2008 by 213 thousand PLN and at 31.12.2008 by amount of 982 thousand PLN, yet reducing cost of products sold in the period 01.01-30.06.2008 by 658 thousand PLN, as a final result increasing the financial result by 240 thousand PLN in the first half of 2008.

Change in inventory valuation method was dictated by the need to standardize the accounting policy for all companies included in the group.

21. Tangible assets

In 2008, the fair value of tangible assets acquired by the Capital Group in the acquisition of control over RADPOL ELEKTROPORCELANA SA was fixed temporarily. Properties have been valued based on a valuation prepared by independent valuers in November 2007.

In 2009, a new valuation of assets of the subsidiary in order to ultimately determine its fair value was made.

Diluted earnings per ordinary share (in PLN)	0,12	0,33	0,14

Earnings per share are determined by dividing the earnings attributable to shareholders of the parent company and the weighted average number of ordinary shares determined in accordance with IAS 33. The difference between the value of existing ordinary shares at the end of the period and the weighted average number of shares is due to the purchase of own shares for redemption.

The parent company in the incentive scheme is required to issue warrants, entitling to subscribe for shares at a price of 6.80 PLN. Since the warrants exercise higher price than the average market price of shares of Radpol SA in 2008, the warrants are anti-dilutive effect and are not included in the calculation of diluted earnings per share.

There were some new standards, changes in standards and interpretations of the Committee on International Financial Reporting Interpretations (IFRIC) posted, which apply to periods beginning on 1 January 2008 and thereafter. Group have decided not to advance the application of these standards, amendments and interpretations of standards. The following provides an assessment of the Group on the impact of these new standards, amendments and interpretations of standards.

IFRS 8 "Operating Segments"

IFRS 8 was issued by the International Accounting Standards on 30 November 2006 and is effective for annual periods beginning on 1 January 2009 or after that date. IFRS 8 replaces IAS 14 Segment Reporting. " This standard defines new requirements for disclosures of information regarding operating segments, as well as information on products and services, geographic areas in which business and major customers. IFRS 8 requires a "management approach" to reporting financial results by segment.

The Company will apply IFRS 8 from 1 January 2009.

Amendment to IAS 23 Borrowing Costs

Amendment to IAS 23 was published by the International Accounting Standards 29 March 2007 and is effective for annual periods beginning on 1 January 2009 or after that date. The change relates to the accounting treatment for borrowing costs directly attributable to the acquisition, construction or production of an asset that requires a significant period of time necessary to prepare it for its intended use or sale. As part of this change, the possibility of immediate identification of those costs in the profit and loss account of the period in which they are incurred was removed. According to the new requirements of the standard, these costs should be capitalized.

The company described above as used to change the Standard after its entry into force, ie from 1 January 2009 Changing the Standard did not have a significant impact on the company's report.

IAS 1 (Z) "Presentation of Financial Statements

Amendment to IAS 1, published on 6 September 2007 and approved in the EU on 17 December 2008 applicable to the financial statements prepared for periods beginning on 1 January 2009 and later. Amendment includes changes to the naming of basic financial statements and the presentation of balance sheet, income statement and changes in equity. Revision of this standard does not affect previously reported financial results and the value of equity, but is placed only on presentation of financial statements and the titles of these reports.

The company revised IAS 1 applies from 1 January 2009

IFRS 3 (Z) "Business Combinations"

The revised IFRS 3 has been published by the International Accounting Standards on 10 January 2008 and applies prospectively to business combinations with the date of acquisition per 1 July 2009 or after that date. The changes introduced include a choice of treatment of minority interests either at fair value or their participation in the fair value of identified net assets, revaluation of previously owned shares in the acquired entity at fair value with reference to the difference in the profit and loss account and additional guidelines for applying the purchase method, including treatment of transaction costs as an expense in the period in which it is incurred.

IAS 27 (Z) "Consolidated and Separate Financial Statements

The revised IAS 27 was published by the International Accounting Standards Board on 10 January 2008 and is effective for annual periods beginning on 1 July 2009 or after that date. The Standard requires that the effects of transactions with minority shareholders to be recognized directly in equity, if control is maintained by current unit of its parent company. Standard also details the way to enter in case of loss of control of a subsidiary, ie, involves the remaining shares at fair value and the recognition of the difference in the profit and loss account.

Amendment to IFRS 2 Share-based Payment "

Amendment to IFRS 2 was published by the International Accounting Standards on 17 January 2008 and is effective for annual periods beginning on 1 January 2009 or after that date. Amendment to the Standard deals with two issues: clarifies that vesting conditions are only a service condition and a condition related to operating units. Other features of share-based payments are not considered as vesting conditions. Standard clarifies that the accounting treatment of a cancellation by the entity or another party transactions should be the same.

Company applies the amended IFRS 2 from 1 January 2009, Standard Change does not have a significant impact on the Company's report.

Amendments to IAS 32 Financial Instruments: Presentation and IAS 1 Presentation of Financial Statements
Amendments to IAS 32 and IAS 1 have been published by the International Accounting Standards Board on 14 February 2008 and apply for annual periods beginning on 1 January 2009 or after that date. The changes relate to the accounting treatment for certain financial instruments which have a resemblance to equity, but are classified as financial liabilities. According to the new requirements of the standard for financial instruments such as financial instruments puttable and instruments that impose on the company's obligation to pay contribution only in net assets in the event of liquidation, are subject to certain conditions and are presented as equity.

The company applies the changes described above, the Standards Board since its entry into force, ie from 1 January 2009, Standard Change has an impact on the Company.

Amendments to IFRS 2008

48. Changes in estimates

Estimates of the Executive Board of the Company affecting the value of the financial statements, include:
-anticipated period of economic life of fixed assets and intangible assets,
-write-downs of assets
-discount, the anticipated increase in salaries and actuarial assumptions used in calculating the reserve for retirement allowance
-future tax results, taken into account in determining the assets of the deferred tax
-discount rate and estimated future cash flows in relation to carrying out the test for goodwill impairment,
-the fair value of assets and liabilities acquired by Companies.

The methodology used to estimate is based on the best knowledge of the Board and is compatible with the requirements of IFRS.

Changes of impairment are shown in the accompanying explanatory notes to individual items of assets.

49. Changes in presentation

The company has changed the way of presentation in the profit and loss of grants related to assets and cash bonuses awarded to recipients.

Grants related to assets previously recognized as deferred income and accounted for in other operating income in proportion to the value of assets subsidized the cost. After changes, the cleared portion of the grant is presented as income from its core business which is at the same level of profit and loss account, which represents the cost of the subsidized assets.

Benefits depend on the volume of sales (bonuses), have been previously recognized as expenses of sale, after changing the presentation of earnings deducted from the period concerned.

As a result, individual items have changed the profit and loss amounts:
